

Slide-in unit 3-fold

Speed loading unit for comfortable external loading and shortening of machine downtime during loading and unloading

Part numbers:

0905AQ7-46SIU (AQUBE® LH7, XH7, PSE LH7)

0905AQ9-46SIU (AQUBE® LH9, XH9, PSE LX9)

Application

The three drawer baskets can be loaded outside of the cleaning system, which facilitates handling. If two units are in use, one can be loaded while a filled one runs through a cleaning cycle in the machine.

The loading and unloading then requires only minimal system downtime, since the loaded units can be completely slid in and out.
